09/19 UPDATE ON THE OX-CAM EXPRESSWAY.

Mr Harris reported that Highways England are now investigating specific routes. The EAG is actively promoting that the chosen route should be within corridor B1 along part of the A34. The way around Botley avoiding the A34 being widened and houses having to be demolished would be to build a Botley by-pass.

10/19 UPDATE ON THE SOUTH OXFORDSHIRE LOCAL PLAN 2036.

Mr Harris reported that all the documents for the Local Plan 2036 run to several thousand pages, with the main report being 300 pages and the Sustainability Appraisal being about 1300 pages. SODC is proposing to build a "Phase 1" of the Northfield housing estate south of Horspath, to which Garsington Parish Council is totally against as they have not been consulted on this proposal. A conceivable "Phase 2" of the Northfield housing estate could well be in Horspath. Mr Harris has been discussing with Mr Chris Wright, Chairman of Garsington Parish Council the possibility of joint legal representation, which would then halve the cost to both Parish Councils. Mr Harris stated that he is looking for permission to speak to Ms. Saira Kabir Sheikh, QC, to find out if joint representation for Horspath and Garsington would be suitable, and if so, Mr Harris suggested that he and Mr Chris Wright attend meetings together with Ms. Saira Kabir Sheikh, QC to seek legal advice on the "Northfield" development. Mr Horsley stated that he is concerned that Horspath will be spending a lot of money, to protect Garsington. Mr Harris stated that "Northfield" is included in the Local Plan 2036 along with the map for consultation. SODC has not held a meaningful consultation on the "Northfield" site and a very important planning issue is that this site is in the Green Belt, which is seen to be more important in this area. SODC will claim that a consultation has taken place and on that basis that they could allocate the whole site ready for Phase 1 and Phase 2 to start. Mr Harris stated that Horspath will need a very good QC to represent the village at the Examination in Public. It will be very expensive but we may have an option to share the cost with Garsington.

Mr James Dobson asked, are we looking at legal advice for a consultation to take place which would delay the Local Plan. Mr Harris stated that if a consultation was carried out, Horspath would have an opportunity to say no to the proposals. Mr Harris stated that as a result of the present consultation details on the Local Plan cannot be altered now, our responses will just tell the Inspector why Horspath does not want the development and the Inspector will look into the reasons why. There will be no big delay caused by objecting to “Northfield” but it could be that the Inspector takes it out of the Local Plan as there was not adequate consultation. Mr Harris stated that the issue with the “Northfield” site is that a proper consultation has not taken place. Four other sites have been consulted on, and they are in contradiction with policies in the currently adopted Local Plan. Multiple objections to the Housing policy came from Chalgrove residents, and the majority of people did not want urban extensions in South Oxfordshire.

Mrs Gillespie stated that, SODC is not carrying out proper consultations in line with Regulations 18 & 19, and needs to submit the Local Plan to the Oxfordshire Growth Board by March 2019. Mrs Gillespie stated that all that the Parish Council can do, is lay down an audit trail for the Inspector.

Mr Harris proposed that he contacts Ms. Saira Kabir Sheikh, QC, to enquire to the possibility of joint representation with Garsington Parish Council, on condition that Garsington Parish Council pay 50% of the legal costs. Councillors voted In Favour – Unanimous.

Mr Harris will liaise with Ms. Saira Kabir Sheikh, QC and Mr Chris Wright, Garsington Parish Council. Mr Harris reported that SODC has sent a response form for people to complete, which is very complicated and people will need guidance when completing the form. Mr Harris asked that the Clerk to contact Mr Adrian Duffield, Head of SODC Planning Service, to ask for confirmation that they will also accept letters and emails from residents as well as their response form.

11/19 DRAFT CONTENTS OF THE HPC JANUARY NEWSLETTER.

Mr Harris stated that there will be a further Newsletter published in January 2019 to update residents on the Local Plan 2036 and also to include a sample letter of objection that residents can enter their name and address on the letter and send to SODC before the deadline 5pm on 17th February 2019. Residents also have the option of writing their own letters to SODC.

Mr Peter Dobson passed thanks to Mr Harris for all of his help and support. Mr Harris stated that he has attended several meetings with regards to the Local Plan 2036. At the last full Council meeting, SODC had booked a conference room for 50 people and around 200 people attended so many people were forced to stand up for four hours. Mr Harris was able to speak for 3 minutes, to present Horspath PC’s case and Councillor Elizabeth Gillespie spoke in support of protecting the Green Belt, but the majority of SODC Councillors ignored these objections and voted to approve the Local Plan 2034 without amendment.

12/19 RESPONSE TO THE CONSULTATION ON THE OXFORD CITY LOCAL PLAN 2036.

This item was not discussed due to the pressure of time.

13/19 DISTRICT & COUNTY COUNCILLOR REPORTS.

District Councillor – Mrs Gillespie reported that the Local Plan 2036 has recently been passed by the majority of Councillors. There were 6 Councillors who objected to the Plan, all of which, including Mrs Gillespie, have now been formally suspended from the Conservative Group for 21 days while they are investigated. Mrs Gillespie stated that they have tried this before with her, but this time because she spoke on the radio about the need to defend the Green Belt in the Local Plan, this has gone against her. Mrs Gillespie stated that there will be another Conservative Group meeting after the 21 days and the maximum punishment for her is 6 months out of the Group.

Mrs Gillespie stated that the Local Plan 2036 is flawed on its content and on the processes that have not been followed correctly by SODC. SODC has committed to 30,000 new houses when we only need 10,000.

The new Plan also wants us to build 1500 new houses each year which means that all towns and villages will be affected. Mrs Gillespie stated that seven of the strategic sites listed in the Local Plan are in the Green Belt and there is just one site that isn't. Mrs Gillespie doesn't believe that SODC has carried out the correct consultations on the other sites and there are no exceptional circumstances for removing them from the Green Belt. The Oxfordshire Growth Board has not stipulated on where the new houses need to go and South Oxfordshire does not have an unmet housing need. Mrs Gillespie stated that Chalgrove Airfield was an ideal site for development and there is no need for development to be in the Green Belt. Mrs Gillespie stated that SODC said that all Councillors are aware of the legal advice with regards to Regulation 18, whereas, this is not true, as Councillors were not aware.

Mr Harris stated that he doubts that SODC has consulted correctly on the other sites and the proof will be in the Sustainability Appraisal and its Appendices which is a vast document without a detailed index.

Mrs Oakley asked about the reaction of the Conservatives to Mrs Gillespie, and asked if this will stand in good stead for the Plan being thrown out by the Inspector. Mrs Gillespie stated that this will not be the case, but as lot of people are unhappy about it, it will make the Inspector look more carefully at what has gone on.

Mr James Dobson passed thanks to Mrs Gillespie for persevering with her stance. Mr Harris asked if there is anything that Horspath Parish Council can do to help Mrs Gillespie. Mrs Gillespie stated that HPC could send a letter to the Conservative Councillors' Association stating that they are unhappy with the way that the six Councillors have been treated over this matter. Mr James Dobson stated that HPC needs to be clear on what is written as the context is different coming from a Parish Council and should be non-political. Mrs Gillespie stated that she will continue to fight against the B3 route for the Oxford-Cambridge Expressway.

County Councillor – Mr Tim Bearder stated that he is disgusted with what is happening with the Oxford-Cambridge Expressway. The expected cost is £8 billion pounds, £5 billion coming from Highways and Rail Link, £0.5 billion from the Growth Deal direct and the rest from contributions, they have no idea where the remaining £2 billion is coming from.

Mr Bearder reported that Wheatley is organising a meeting in January 2019 to discuss the possibility of a future bus route.

Mr Bearder reported that there is a resident from Cuddesdon Road who has raised concerns about the chicane in Cuddesdon Road. Mr Bearder stated that the County Councillor with special responsibility for cycleways will be coming to inspect the chicane in February with a view to look at redesigning the traffic calming.

Mr Bearder reported that there is a Strategy Meeting coming up, and they will be looking at having Enforcement Officers for parking in South Oxfordshire.

Mr Harris asked Mr Bearder if he thinks that he can make any headway with people taking forward the Growth Agenda. Mr Bearder stated that it is clear with the Local Plan that the Conservatives want to steam roller everything through. His role is to scrutinise everything.

14/19 GDPR - Mr James Dobson stated that there is nothing further to report. It was agreed that this item will be removed from the agenda and Mr Dobson will request it to be relisted when required.

- c. Mr Ewart stated that he agrees with the suggestion from Mrs Oakley with regards to holding a public meeting to let people know about the “Northfield” development, which is a threat to the village. Mrs Gillespie stated that this would be a good idea. Mr Harris stated that a public meeting would mean that anyone can attend, it would be better to have a residents’ only meeting whereby people sign in with their name and address. Mr Ewart proposed that HPC holds a residents meeting after Mr Harris has sought further advice from Ms. Saira Kabir Sheikh, QC, also to include a letter writing tutorial for residents who wish to write letters of objection to SODC. In Favour – 6, Against – 2. It was agreed that a meeting will take place on 15th January 2019 to organize the residents meeting to be held on 28th January 2019 at 8pm.

Public:

- d. Mrs Southall a resident of Horspath for 15 years, thanked HPC for the recent Newsletter which she found to be very informative. Mrs Southall stated that there are lots of very important things happening at the moment which she is very worried about. Mrs Southall asked if the Parish Council could change the format of Parish Council meetings and explain any important issues at the start of the meeting so that people in the village are aware. Mr Peter Dobson stated that from a timing point of view, this would add a lot of time to the meetings, and it has been known in the past for meetings to go on until 10.30pm. Mr Peter Dobson stated that all Minutes from Parish Council Meetings are listed on the village website for residents to view, and if residents attended meetings on a regular basis they would be aware of what is going on. Mr Horsley stated that there is Parish Council elections in May but asked Mrs Southall to spread the word that there are currently three vacancies for people to be co-opted onto the Parish Council and Mr Harris is looking to retire which will be another vacancy.
